

Ahmad Gheethan

Ahmad Gheethan Receives Honorable Mention at the 2014 IEEE AP-S International Symposium

TAMPA, Fla. (April 7, 2014) Ahmad Gheethan, a doctoral student in electrical engineering, received an honorable mention in the Student Paper Competition of the 2014 IEEE AP-S International Symposium on Antennas and Propagation. Ahmad received a \$1,000 stipend to offset his expenses to attend the symposium, which will be July 6-12 in Memphis Tenn.

His submitted paper is titled "2D Beam Scanning Focal Plane Array Using Microfluidic Reconfiguration Techniques." He is advised by Assistant Professor Gokhan Mumcu.

-USF-

The University of South Florida is a high-impact, global research university dedicated to student success. USF is a Top 50 research university among both public and private institutions nationwide in total research expenditures, according to the National Science Foundation. Serving nearly 48,000 students, the USF System has an annual budget of \$1.5 billion and an annual economic impact of \$4.4 billion. USF is a member of the American Athletic Conference.

The College of Engineering at the University of South Florida is ranked at #72 among public institutions by U.S. News & World Report's 2015 engineering graduate school rankings. The college serves 4,600 students offering ABET-accredited undergraduate degrees in seven programs, as well as eleven master's and nine doctoral degrees. The College is actively engaged in local and global research activities with foci on sustainability, biomedical engineering, computing technology and transportation and for the fiscal year 2013-14 had \$30.5 million in research expenditures. There are 124 tenured / tenure track faculty and 80 instructors and research faculty.
