College of Engineering Professors Recognized at USF Faculty Honors & Awards Reception

Six faculty receive honors and awards

TAMPA, Fla. (November 27, 2012) – Four professors and two retired professors were honored at the annual USF Faculty Honors & Awards Reception hosted by President Judy Genshaft on November 26. The following professors were recognized at the reception.

Yogi Goswami, professor in the Chemical and Biomedical Engineering Dept. and co-director of the Clean Energy Research Center received the Distinguished University Professor honor.

Alex Savachkin, associate professor of industrial and management systems engineering, and **Rasim Guldiken**, assistant professor of mechanical engineering, received Outstanding Undergraduate Teaching Awards.

Scott Campbell, professor of chemical and biomedical engineering, received the Jerome Krivanek Distinguished Teacher Award.

Two retired faculty were granted the Emeritus designation. Those professors are:

Abraham Kandel, professor, computer science and engineering

Dewey Rundus, professor, computer science and engineering

-USF-

The University of South Florida is a high-impact, global research university dedicated to student success. USF is classified by the Carnegie Foundation for the Advancement of Teaching in the top tier of research universities, a distinction attained by only 2.2 percent of all universities. The Carnegie Foundation also classifies USF as a community engaged university. It is ranked 44th in total research expenditures and 34th in federal research expenditures for public universities by the National Science Foundation. The USF System has an annual budget of \$1.5 billion, an annual economic impact of \$3.7 billion, and serves 47,000 students in Tampa, St. Petersburg, Sarasota-Manatee and Lakeland.
