

Edikan Archibong

Archibong Receives NOBCChE Award

TAMPA, Fla (September 26, 2013) Edikan Archibong, a doctoral student in the Department of Chemical and Biomedical Engineering, has been selected as the recipient of the 2013 Winifred Burks-Houck Women's Graduate Student Leadership Award by the National Organization for the Professional Advancement of Black Chemists and Chemical Engineers (NOBCChE). She will be recognized during NOBCChE's 40th Annual Conference, from October 1-4, in Indianapolis.

Archibong was selected based upon her leadership activities, commitment to community service, and potential for academic success. She is advised by Anna Pyayt, assistant professor in the Chemical and Biomedical Engineering Department.

-USF-

The University of South Florida is a high-impact, global research university dedicated to student success. USF is classified by the Carnegie Foundation for the Advancement of Teaching in the top tier of research universities, a distinction attained by only 2.2 percent of all universities. The Carnegie Foundation also classifies USF as a community engaged university. It is ranked 44th in total research expenditures and 34th in federal research expenditures for public universities by the National Science Foundation. The USF System has an annual budget of \$1.5 billion, an annual economic impact of \$3.7 billion, and serves 47,000 students in Tampa, St. Petersburg, Sarasota-Manatee and Lakeland.
