Tampa, Fla (November 27, 2013) Six College of Engineering professors and an interdisciplinary professor were honored at the annual USF Faculty Honors and Awards Reception on November 26. The following professors were recognized at the reception.

Richard Gitlin, professor in the Electrical Engineering Dept. and member the National Academy of Engineering received the Distinguished University Professor honor.

Professor Babu Joseph and Assistant Professor John Kuhn, both of the Chemical and Biomedical Engineering Dept., received the Excellence in Innovation Award.

Arash Takshi, assistant professor in the Electrical Engineering Dept. received the Outstanding Undergraduate Teaching Award.

Srinivas Katkoori, professor in the Computer Science and Engineering Dept., received the Jerome Krivanek Distinguished Teacher Award.

Autar Kaw, professor in the Mechanical Engineering Dept. received the Kosove Distinguished Undergraduate Teaching and Service Award.

David Eddins, interdisciplinary biomedical engineering professor from the Dept. of Communication Sciences and Disorders, received the Outstanding Faculty Research Achievement Award.

Two faculty members who retired this year were also recognized.
Kenneth Buckle, professor, electrical engineering
JoAnne Larsen, professor, industrial and management systems engineering

-USF-

The University of South Florida is a high-impact, global research university dedicated to student success. USF is classified by the Carnegie Foundation for the Advancement of Teaching in the top tier of research universities, a distinction attained by only 2.2 percent of all universities. The Carnegie Foundation also classifies USF as a community engaged university. It is ranked 44th in total research expenditures and 34th in federal research expenditures for public universities by the National Science Foundation. The USF System has an annual budget of
$1.5 billion, an annual economic impact of $3.7 billion, and serves 47,000 students in Tampa, St. Petersburg, Sarasota-Manatee and Lakeland.
